

REACH and ROHS Directive Policy.

With regard to the European Union Directive EU Directive 2011/65/EU (RoHS2) as amended (EU) 2015/863 (RoHS3) on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS), Rockwood Composites Limited, hereby certifies to the best of our knowledge and belief, that the products manufactured by Rockwood Composites do not contain materials restricted under the ROHS directive.

It remains the user's responsibility to satisfy himself as to the suitability and completeness of this information for his own particular use and to ensure the compliance of the finished product with the applicable legislation.

In addition, all ingredients used by Rockwood Composites are registered under the UK REACH legislation and none are present on the list of Substances of Very High Concern (SVHC). No materials are subject to any current or foreseen supply restrictions. Please keep in mind the information provided regarding the substances contained in our products is based on information provided by suppliers or producers of the raw materials. We have not conducted any test to determine the presence of these substances.

Please do not hesitate to contact Rockwood Composites if you require any additional information concerning our products.

A handwritten signature in black ink, appearing to read 'JM Crouchen', is written over a horizontal line.
